10:30 should work. Please enter through the main gate at 1020 King George's Post Road and we will meet at the guard house. You'll need the following PPE:

- Hard hat
- Steel toed boots
- Safety glasses

You'll need to watch their 5-minute plant safety video before entering.

Thanks,

Jason

Thanks Jason. Looks like there'll be light snow on Friday before 10:00 am (only about ½ inch). I'm still up to coming out if all of you are, but please let me know (I'm very flexible with the date). If you think Friday is still good, how about we meet at 10:30? What PPE will I need to bring, and please refresh my memory on which gate to come to.

Jim

Jim,

Apologies for the delay in confirming. Weston and Chemtura are available for the Hatco inspection on Friday 1/6. Let me know if that date still works for you and, if so, what time you would like to meet.

Thanks,

Jason
